Coral Gardens *Level 1*

Nicknamed 'Nirvana' and only a few minutes by boat from the Resort, this is one of our best dive sites. Three fingers of lava once streamed into the ocean and are now covered with a variety of hard and soft coral species. Rays, sharks and big schools of barracuda are the keepers of the Coral Garden. Schools of trevally, snappers and tunas abound. It's an overdose of everything!

Tomasi's Delight *Level 1*

Close to Paradise, a steep slope of hard corals hides many small treasures – dwarf lionfish, cowries and nudibranchs have all made their homes here, as well as an array of featherstars and sea cucumbers.
