

Say 'I DO' IN PARADISE

Celebrate your special day in Paradise, surrounded by tropical ocean views, gentle breezes and lush gardens. Say 'I Do' in privacy, in your own Wedding location or invite other guests, family and friends to share in your joy! However you choose to spend your day, we'll ensure it is unforgettable!

Paradise offers a selection of ceremonies to suit all couples and we are happy to tailor-make a package just for you.

Do you have a special theme or idea for an unusual Wedding? Let us know. We have arranged Weddings at the Waterfall, Underwater, with our Resort Dogs in attendance, Bride & Groom ride in on horses, Fishing Weddings, Mountain Top Weddings, Beach Wedding, Traditional Fijian Weddings, large groups or intimate couple ceremonies, lavish or inclusive Weddings or elegant simple Weddings. We specialize in ensuring your Special Day is everything you have dreamed of.

Professional Wedding Photography is available for your precious memories. Flown in for the special event, photos are taken before, during and after the ceremony.

Fiji Weddings are recognized internationally!

If you choose Paradise as your Fiji Wedding destination, your own personal Wedding Coordinator will send you a Paradise Wedding Checklist to fill out as well as the Special License Application Form.

A Fiji Marriage is recognized internationally and you must ensure you have original copies of the following documentation:

- Bride & Grooms Passport
- Bride and Grooms Birth Certificate
- Bride & Grooms Single Status Certificate
- Brides and Grooms Divorce Papers – if applicable
- Change of name documents – if applicable
- Death Certificate of previous spouse/s – if applicable

We arrange all of your Wedding Registration paperwork prior to your arrival as long as we receive the above documents in a timely manner.

How does the Marriage Registration process work in Fiji?

Your Wedding Coordinator will send you a Special Licence Application Form to be filled out by yourselves and signed by Justice of the Peace in your Country. You will scan and e-mail all official documents back to us. We e-mail your scanned documents and Special Application Form to the Wedding Registry Office in Suva. The Wedding Registry send us back the Special Licence allowing a Celebrant or Minister on Taveuni to conduct your Wedding. Once you are married, we send the Special Licence back to the Registration Office in Suva and then we have to send it to the Foreign Affairs Office in Suva to receive the Apostile Stamp which ensures your marriage is recognized internationally. This can take some months after your Wedding Day and we will then courier the Marriage Certificate to you once we receive it. Should you require a faster process, we recommend registering your Marriage in your home country or first travelling to Suva and registering your Marriage and receive the Apostile stamp yourselves, then stay with us in Paradise to celebrate your marriage with a Wedding Ceremony.
